

Our Spa Hotel is built in the historic walls of one of the largest textile mills of the last century. Facing the bay of the Lac Saint-François it is at the heart of Suroît's summer activities.

From here we have direct access to 120 km of picturesque bike trails bordering historic canals through the scenic countryside. Dedicated bike ferries and bridges provide spectacular river views while connecting riders with quiet rural villages, markets, beaches and vineyards

4 Days, 3 Nights : \$380. pp/dbl occ
